## SCALED PICTURE GRAPHS 2C - SANDWICH SURVEY

Children in Salamander class voted on their two tastiest sandwich filling.
Each $\stackrel{\circ}{\bullet}$ represents 2 children. Each ${ }^{\circ}$ represents one child.

| Sandwich | Votes |
| :--- | :---: |
| Cheese | 6 |
| Ham |  |
| Pickle | 5 |
| Tuna |  |
| Peanut Butter |  |

1) Use the data in the table to show how many children in the picture graph chose Pickle sandwiches.
2) Write down the number of votes in the table for ham, tuna and peanut butter.

## SCALED PICTURE GRAPHS 2C - SANDWICH SURVEY

Children in Salamander class voted on their two tastiest sandwich filling. Each $\odot$ represents 2 children. Each $\ominus_{\bullet}^{\circ}$ represents one child.
