Row of Coins Challenges 2A

Use the same coins (above) for both challenges.

CHALLENGE 1

Put the coins above in a row so that:

- the first two coins add up to 11 cents
- the pennies are at the start and end of the row
- the last 2 coins add up to 6 cents

CHALLENGE 2

Put the coins above in a row so that:

- the first coin is not a penny
- there is one coin between the two pennies
- the first and last coin add up to 6 cents
