

Row of Coins Challenges 2B

Use the same coins (above) for both challenges.

CHALLENGE 1

Put the coins above in a row so that:

- the first two coins add up to 6 cents
- there are 2 coins between the two nickels
- the middle coin has the highest value
- the first coin is not a nickel

CHALLENGE 2

Put the coins above in a row so that:

- the first 3 coins add up to 12 cents
- the last 3 coins add up to 11 cents
- there is one coin in between the two pennies
