5) Try to find 3 different subtraction facts with an answer less than 15.

MISSING SUBTRACTION PUZZLE 3 ANSWERS

| | | | | |
|-------|--|---|-------|--|
| | | | | |
| _____ | | = | _____ | |

For this subtraction puzzle, you have to place the 4 digits from the selection below to go into the subtraction fact at the top to make a positive number.

| | | | |
|---|---|---|---|
| 4 | 2 | 5 | 1 |
|---|---|---|---|

So one fact you could make might be 52 - 41.

1) Can you make a subtraction fact with an odd answer?

54-21 52-41 51-24 45-12 42-15 25-14 24-15

2) Can you make a subtraction fact with an even answer?

54-12 52-14 45-21 41-25

3) What is the fact with the largest answer? 54-12=42

4) What is the fact with the smallest answer? 51-42=9 24-15=9

5) Try to find 3 different subtraction facts with an answer less than 15.

51-42=9, 52-41=11, 25-14=11, or 24-15=9
